"Featured in Outlook India as 10 Impactful & Influential Personalities to Draw Inspiration from in 2024"

An internationally experienced IT professional with a proven track record of success at the highest level, Mr. Ajay Kashikar has led significant IT strategies and solutions that have delivered tangible benefits to companies across Asia. He is a creative and energetic individual. Ajay has extensive experience in developing, managing, and promoting technology products and services. During his service tenure, he led efforts in developing outsourcing businesses and establishing IT alliances.

Ajay is a serial entrepreneur and has had successful exits from some companies. Since 2020, he has been helping startup companies as a mentor and advisor.

Ajay helps strategize the businesses, Fund Management, and establish the processes for the organizations.

Ajay is working on Data Security and Data Protection at the national level representing the Centre for Knowledge and Sovereignty (CKS).

Ajay has diversified experience in IT solutions for Enterprise Resource Planning (ERP) for Manufacturing, Banking Data Security, Data Protection Strategy, and Finance and has led large projects in the APAC region.

Before this role, Ajay was the Country Manager & Director, at MNC in Singapore. As the Country Manager of the Asia Pacific region, Ajay handled regional operations that included sales, marketing, strategy and consulting, service, and finance functions. Before moving to Singapore, Ajay held Senior management and board-level positions in India.

Ajay spends his time engaging himself and contributing to society. Having associated with various professional and educational institutes he provides consulting, guidance, and lectures in the areas of skill development, and employability.

Ajay loves traveling, meeting people, and mixing with society. He is a food lover and enjoys cooking during his leisure time. He ensures to spend good quality time with his family. He keeps writing and scribbling his thoughts whenever inspiration strikes.

His mantra is believing in simplicity, hard work, and dedication. He currently works with a few start-ups and is a consultant for various companies.

Ajay believes in utilizing his skills to get satisfaction from social contributions to the nation for the betterment of society.
